

## MNSTAR Group Obtains ISO 9001:2015 Certification of its Quality Management System

Grand Rapids, Minnesota based wire harness manufacturing company adds ISO 901:2015 to its Quality Management System credentials.

GRAND RAPIDS, MN, February 16, 2023 -- Highland Holdings LLC d.b.a. MNSTAR Group, a contract manufacturer of wire harnesses, cable assemblies, and higher level electro-mechanical assemblies has successfully obtained the ISO 9001:2015 certification of its Quality Management System. MNSTAR Group is a supplier to the Marine, First Responder Vehicles, Government Fleet Vehicles, Commercial Utility Vehicles, Agriculture, and Landscaping Industries.

ISO 9001:2015 is the international standard that specifies requirements for a Quality Management System (QMS). It is used by companies focused on providing consistent products and services that enhance customer satisfaction and meet applicable statutory and regulatory requirements. ISO standards are regularly reviewed to ensure its requirements reflect best practices for organizations, as well as the needs of customers, in the evolving marketplace.

"We are thrilled to earn ISO 9001:2015 certification. This certification speaks to our values of reliability, fair pricing, and delivering the highest quality work to provide our clients the products they need," said Tammy Estes, COO of MNSTAR Group. "Earning this certification acknowledges the disciplined work of our people who deliver this recognized level of excellence every day to our clients across the markets we serve."

The ISO 9001:2015 certification demonstrates and acknowledges MNSTAR Group's highest standards for quality, with a focus on performance and excellence.
